INTRODUCTION

The Bluewater Pro water purifier is designed to turn your tap water into healthier drinking water. Innovated with love in Sweden, Bluewater's SuperiorOsmosisTM technology improves quality of life, health and wellbeing by removing practically all contamination, including microorganisms, pesticides, heavy metals and toxins.

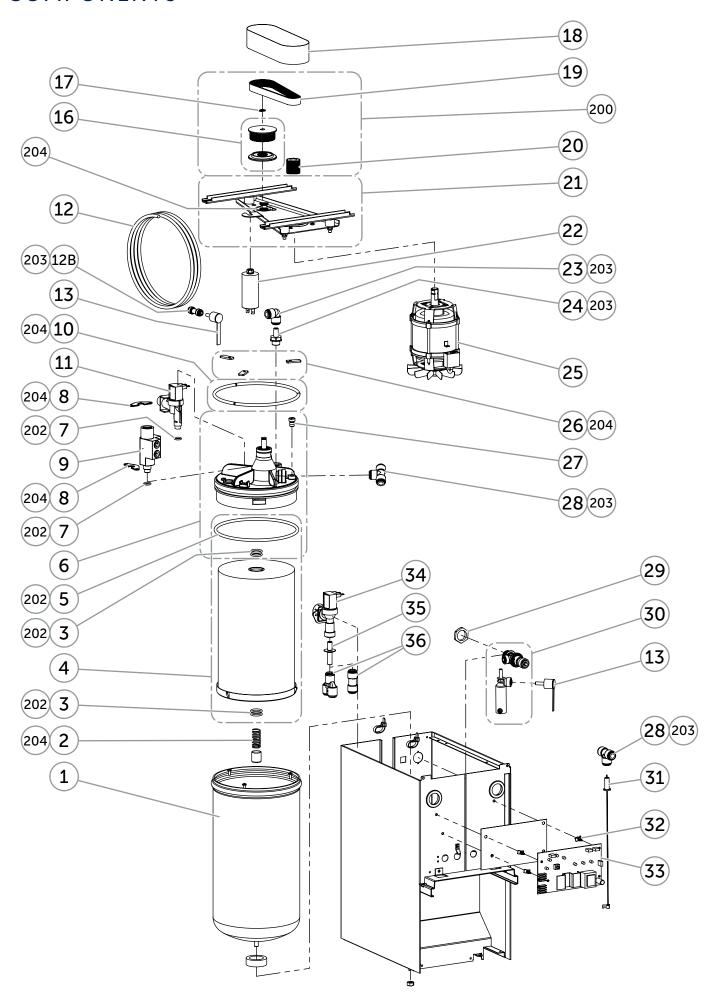

Regular maintenance, genuine spare parts and consumables assure the performance and lifespan of your product. To eliminate mistakes, when ordering spare parts, always start by identifying your model name and product number and use them to determine the correct spare part number.

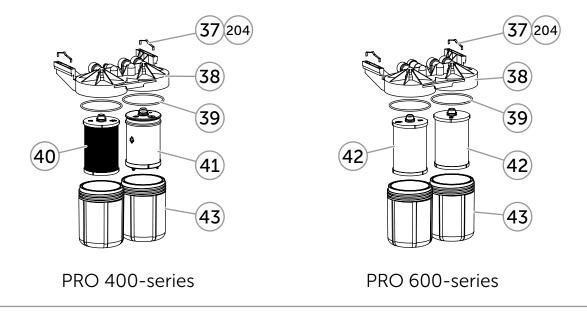

Please note that this catalog is updated regularly, which means the spare part numbers will also change regularly. You can always find the latest edition of this document at www.bluewatergroup.com

DISCLAIMER

Bluewater water purification products should ideally be installed and maintained by qualified service professionals. Installing or maintaining Bluewater products without appropriate training may lead to serious property damage, personal injury, or death. We would therefore discourage independent installation or repairs. However, if you intend to perform repairs yourself, please always use original spare parts. The information and instructions provided by Bluewater are intended for use by Bluewater authorized service technicians and other qualified professionals.
