

PURE WATER FAUCET WITH LED LIGHT

BLUEWATER PURE WATER FAUCET WITH LED LIGHT

Versatile and convenient, the premium high-arc Bluewater kitchen faucet with integrate light- emitting diode (LED) provides purified water from a Bluewater water purifier using SuperiorOsmosis™ or reverse osmosis technology.

When the integrated LED light ring shines blue, the water is purified and 100% safe to drink.

Easy to install and easy to use, the single-hole faucet is made of solid food-grade stainless steel, eliminating the risk of metal leaching into the water, which may occur when using other
